

## KATHRYN LILLY INTERIORS

Kathryn Lilly Interiors was founded in 2012 as a Cornelius based Interior Design firm named after Jody's grandmother, Kathryn, and her great grandmother, Lilly, two of the hardest working women she knew. With projects sprinkled throughout the Lake Norman and Blowing Rock areas her firm prides itself on creating timeless yet functional spaces centered around the client's desires.

Jody's passion for design began at an early age after exploring the homes her father and grandfather built. Coming from a family of skilled craftsman, she quickly found this was the path that was carved out for her and decided to pursue her calling opening the doors to Kathryn Lilly Interiors which quickly became a sought-after brand in the Lake Norman area.

With the understanding that all successful brands listen to their customers, Kathryn Lilly Interiors embraces this unique understanding and creates fresh client-centered spaces year-after-year.

Jody balances color, texture and lighting to create a space that reflects her client's personality. Working in collaboration with builders and architects to execute her client's vision, she takes each project very personally. Jody says her favorite house is the one the client loves the most, where their vision has come to life. Her passion is connecting with each client to create timeless yet functional design that is not only beautiful to the eye but personalized to the individual.

Jody works with premier custom home builders in the Lake Norman and surrounding areas and has been featured in numerous publications, such as the QC magazine, Currents magazine and the Charlotte Observer for her keen sense of style and modern visionary designs. Additionally, she has been nominated for the Builders Choice award in 2018.

Kathryn Lilly Interiors has continued to grow both in scope and scale, opening a showroom in 2018 as well as a growing team of 5. This has been accomplished solely on word of mouth advertising as her designs and client approvals speak for themselves. She is a proud member of IDS and in her spare time she enjoys spending time with her husband, Matt and her two young sons, Hudson and Finn. She is an avid runner and enjoys traveling for experiences and new design inspiration.
